
Mentoring

As a tool to increase STEM Diversity

Please join Dr. Veronica Sosa-Gonzalez (Vermont EPSCoR) and Dr. Barbara Bruno (Hawaii EPSCoR) for a webinar on mentoring as a tool to diversify STEM research.

January 28 @ 4PM EST

Register for this free event:
tinyurl.com/128zoom

- Participants will break into subgroups for activities and to discuss how mentors can help foster an inclusive research environment
- Participants will be able to identify mentoring opportunities in their individual research scenarios

Hosted by the NSF EPSCoR EOD Council
